ALL PERSONS INTERESTED PROGRAMMER ANALYST IV PN # 106770 HOUSTON POLICE TECHNOLOGY SERVICES N/A 33 ARTESIAN, 2ND FLOOR*

MONDAY - FRIDAY, 8:00 A.M. - 5:00 P.M.*

*Subject to change

9 DESCRIPTION OF DUTIES/ESSENTIAL FUNCTIONS

Supports the Application Support section of the Houston Police Department's Technology Services organization. Technology Services is responsible for the design installation and management of HPD's Information Technology (IT) capabilities. Design, develop, test and document Windows and Web based applications utilizing ASP.NET, ADO.NET, C#, VB.NET, XML, and XSL style sheets. Analyze user requirements and write design specification. Document user requirements using Unified Modeling Language (UML) and Object relational mapping. Create Web services following Service Oriented Architecture (SOA). Coordinate routine application maintenance and configuration management, automates jobs, and set up alerts. Proficient in the use of PL/SQL to write efficient complex queries. Use triggers and procedures to support business functions using Oracle and Microsoft SQL server databases. Must have excellent technical writing and presentation skills.

10 WORKING CONDITIONS

The position is physically comfortable.

11 MINIMUM EDUCATIONAL REQUIREMENTS

Requires a Bachelor's degree in Computer Science, Mathematics, Management and Information Systems, or a closely related field.

12 MINIMUM EXPERIENCE REQUIREMENTS

Four years of experience in systems analysis, design, programming and database design. Directly related professional experience may be substituted for the education requirement on a year-for-year education basis.

13 <u>MINIMUM LICENSE REQUIREMENTS</u>

Must have a valid Texas Class C driver's license and comply with the City of Houston's policy on driving (AP 2-2)

14 PREFERENCES

Prefer candidates with extensive experience in supporting database driven applications based on Microsoft .NET framework, object oriented methodologies and languages such as C# and Visual Basic. NET. Candidate must have demonstrated expertise in implementing applications, and providing post implementation support. Also include experience in porting applications developed using Microsoft Access, VB, and ASP to new technology. Candidate must have strong skills in solving complex problems, must be customer focused in meeting user needs in a timely and efficient manner. Prefer broad experience in coordinating and providing support to application development section, and support to a Project Management Office (PMO).

SELECTION/SKILLS TESTS REQUIRED

None None

16 <u>SAFETY IMPACT POSITION</u>

If yes, this position is subject to random drug testing and if a promotional position, candidate must pass an assignment

17 SALARY INFORMATION

Factors used in determining the salary offered include the candidate's qualifications as well as the pay rates of other employees in this classification. The minimum to midpoint of this salary range is:

⊠ Yes □ No

 $\frac{Salary\;Range-Pay\;Grade\;25}{\$1,501.00}\;\$2,080.00\;Biweekly\;\;\$39,026.00\;-\;\$54,080.00\;Annually$

18 OPENING DATE

September 14, 2005

19 <u>CLOSING DATE</u>

Open Until Filled

20 APPLICATION PROCEDURES

Original applications only are accepted and must be received by the Human Resources Department during posting opening and closing dates shown, between 9:00 a.m. and 4:30 p.m. at 611 Walker, First Floor. Successful candidates will be notified of their application status. All new and rehires must pass a pre-employment drug test and are subject to a physical examination and verification of information provided. Our TDD phone number is (713) 837-9496.
